## KIRCHEN HEAVY BUYER WHITE CAPS STOCK

The delinquency sale of White Caps mining stock was held as advertised and 135,000 shares were disposed of. The greater number were purchased by John G. Kirchen, who is now heavily interested in the property. The average price of the stock sold was in excess of the amount of the assessment and costs. This company is the reorganized Dexter White Caps Mining company of Manhattan.

It is understood that now, that definite ownership of the issued stock is determined, a meeting of the company will be held the latter part of the week to determine upon a plan for operating the mine and reducing its price. This movement is deemed to be of considerable importance to the pine tree camp.

## FUNERAL OF LATE FRED LOVELOCK HELD TOMORROW

The body of the late Fred Lovelock was brought to Tonopah this morning by Undertaker Cavanaugh. An inquest was held at Luning yesterday afternoon and it was found that he came to his death from natural causes, superinduced by asthma. All the members of the family who are now absent are expected to reach Tonopah tomorrow morning and the funeral will be held tomorrow afternoon at 2 o'clock from the family residence. The interment will be in the Tonopah cemetery.

The services for the dead, according to the Episcopal ritual, will be read by Alfred Boyle, warden of St. Mark's.

## TONOPAH BONANZA SHAFT REACHES VEIN FILLING

At a depth of 950 feet the Tonopah Bonanza Mining company's shaft is now in vein filling. No runs have yet been made from the samples taken, but it is believed that the values will be low. The appearance of the formation is such as to justify the belief that it will make into ore with greater depth. The shaft is now below the water courses and there is little seepage below the 650-foot point.

## CORE DIAMETER NOW THREE-FOURTHS INCH

Owing to the ground squeezing in the broken formation passed through by the diamond drill in the Umatilla, the dimension of the core has been reduced from seven-eighths to three-quarters of an inch. The drill is now down 480 feet below the 1200 level. The formation during the week has not undergone any change.

## TOWN ORDINANCE NOT LEGALLY ENACTED

## JUDGE AVERILL DECIDES THE FRANQUELIN CASE IN FAVOR OF THE DEFENDANT

Ordinance 36 of the Town of Tonopah was not legally enacted, according to a ruling by Judge Averill in the fifth judicial district court today. This was called the "Corona avenue closing" ordinance, which was passed by the town commissioners with intent to segregate all red light houses in a small district.

The first ordinance passed to cover this point was found to be invalid, because it was not signed by the chairman of the board. The cases that were tried under the former ordinance were dropped from the calendar when the discrepancy was discovered. Then a new ordinance was enacted and it was also found to be inoperative. The case that brought about this ruling on the ordinance today was that of the State of Nevada against Dollie Franquelin. See editorial in tomorrow's Bonanza!

H. R. Cooke and William Forman represented the defendant and the district attorney appeared for the county commissioners.

## HUGE VEIN BEING EXPLORED IN MIDWAY

On the 1330 level of the new shaft in the Midway Consolidated mine drifts from the crosscut are now following the vein in both directions. The ledge is too large to be included entirely within the workings and the drifts are being run in the center of the vein. The average samples run from \$2 to \$5. The drifts will be extended until they pick up the lenses that are probably existing there. President H. C. Brougher is expected to arrive tomorrow to look over the ground, both in the Midway and in the Monarch Pittsburg.

## CAUSE OF DEATH WAS UNKNOWN TO THE JURY

An inquest was held yesterday afternoon at 4:30 over the remains of Mike Kulisha, who was killed yesterday morning at 10 o'clock by falling down the shaft of the Wandering Boy of the Jim Butler Mining company. It found that he was a native of Montenegro, was aged 27 years and that he came to his death by falling down the shaft, but the cause of the accident was unknown to the jury.

## FUNERAL TOMORROW

The funeral of Markel (Mike) Kuliche will take place tomorrow afternoon at 4 o'clock. It will be conducted by the Young Men's Serbian society and the Fraternal Order of Eagles. After assembling at Serbian hall, the members of the Young Men's Serbian society and the Fraternal Order of Eagles will proceed to the undertaking parlors of Wonnacott & Cavanaugh, where services will be held.

## FIND BODY OF SUICIDE TWO MONTHS AFTER DEATH

A body believed to be that of Frank Crowe, who some years ago killed his father and wounded his brother during the Brunswick Consolidated Mines riot, was found near the scene of the riot. He had been dead probably two months. The body was found by J. S. Hague, a boy, while hunting. It is believed the man committed suicide.

## DEEPENING WELL AND TUNNELING FOR IRRIGATION

In successfully reclaiming and irrigating 200 acres of sagebrush land by pumping water, H. Stoker, of the upper valley, has demonstrated the practicability of pumping for irrigation in this valley. The land in question is situated just east of the county bridge one mile from town, says the Lovelock Miner.

Mr. Stoker has been pumping water for this tract of land for two years past. He has sunk a large well at the foot of the river bank. From this he draws the water with a 10-inch suction and 14-inch discharge centrifugal pump, raising it altogether about 30 feet from the well to the level of the field.

## EXCAVATING FOR SYSTEM

Rapid progress is being made with the excavation for the new fire protection system. The tanks will be located on a shoulder of Mt. Brougher. The contract for the concrete work will probably be let at the next meeting of the board of county commissioners.

## ANOTHER PIONEER GONE

William S. Collins, one of the pioneers of the west and well known in Nevada half a century ago, died at Loyalton recently. He was postmaster at Loyalton for many years and had resided at that place for the last 44 years.

## PERSONAL

MRS. GEORGE KEOUGH is a visitor from Reese river.

GEORGE REINMILLER was a passenger this morning for Price, Ariz. J. H. BATHURST was an arrival from Oakland on today's train. He will visit his brother, John Bathurst, in this city.

B. SHEMANSKI, the jeweler, came over from Goldfield this morning to confer with I. Tasem, manager of his Tonopah store.

O. J. O'DELL of San Francisco, formerly a newspaper man but now a "mercantile business-getting specialist," is registered at the Mizpah.

FRED AMIGO of Goldfield, who is interested in mining properties both there and in this district, spent yesterday and today in Tonopah.

H. G. MITCHELL, a Red Top leaser, passed through Tonopah this morning on his way from Goldfield to the Pan-Pacific exposition.

WAYNE G. WILSON, traveling freight and passenger agent for the Southern Pacific company, with headquarters at Reno, arrived this morning from Goldfield.

CLYDE A. HELLER, president of the Jim Butler and Tonopah Belmont Development companies, was a passenger this morning for San Francisco after spending several days looking over the properties here in which he is interested.

J. G. CRUMLEY and wife were passengers this morning for San Francisco. Mr. Crumley for the past ten days has been suffering from an affection of the ear, and goes to seek medical or surgical relief.

CHARLES L. RICHARDS and wife have returned from a trip to the Pan-Pacific exposition and other points of interest on the coast, where they spent the last two and one-half months. They were accompanied back home by an imported bull pup who announces that he desires to get acquainted with the other dogs in the neighborhood and offers them a fair deal and no favor.

## OATMAN, NOT OAKLAND

H. E. Epstein was incorrectly forwarded to Oakland in yesterday's Bonanza, when, instead, he went to Oatman, Arizona. The error occurred by reason of this paper's informant, who phoned the item, neglecting to remove the m from his mouth, but his intentions were the best at that, and so were the Bonanza's. When Harry returns, the Bonanza will be certain to receive the latest and most accurate reports from the new mining district.

## AMUSEMENTS

## BUTLER THEATER

The management of the Butler is very sorry to state that a wire has been received from the film exchange advising that the picture that has been advertised to be shown at the Butler today, "The Spendthrift," would not reach Tonopah for Wednesday's show, so consequently the film exchange substituted another picture for today's use. It is one that is well known to every man woman and child and does not need much of an introduction to the moving picture fans or theater going people of Tonopah—"Rip Van Winkle" in six parts, featuring Thomas Jefferson. The drama is full of exciting action. There is nothing false or melodramatic about "Rip Van Winkle." For a character such as Rip in this six-part version it would be difficult to find a more convincing actor than Thomas Jefferson.

On the screen as well as the stage his facial expressions are varied and well judged. Tomorrow "Will o' the Wisp," a four-part feature enacted during a raging flood by the Balboa company. Friday, Blanche Sweet in "The Warrens of Virginia." Charlie Chaplin Saturday.—Adv.
